Huff to Host ADA Compliance Workshop in Arcadia

29th District Senator Teams with Chamber of Commerce to Help Business Owners

Senator Bob Huff (R-Diamond Bar) will host the second in a series of workshops designed to help business owners comply with guidelines in the Americans With Disabilities Act (ADA). The Arcadia Workshop, which is open to all business owners in Arcadia and the San Gabriel Valley, will be held **Friday, April 1st, from 10:00 AM to Noon, at the Santa Anita Racetrack, Baldwin Conference Room at 285 West Huntington Drive in Arcadia.**

"With more than 1 million lawsuits filed every year, California is one of the most litigious states in the country," said Senator Huff. "When I learned that thousands of business owners in my district had been targeted by this ADA issue, I realized that this was something I had to help with. The workshop that I hosted in Brea last October was just the start. Our business owners need help to comply with ADA guidelines, before they are targeted for a non-compliance lawsuit."

Senator Huff is teaming up with the [Arcadia Chamber of Commerce](#) for the upcoming workshop in Arcadia. The goal of the event is to help business owners avoid lawsuits resulting from ADA violations and what steps business owners should take if they are sued for ADA non-compliance.

The Keynote Speaker for the Arcadia workshop is David Warren Peters, who serves as Chief Executive Officer and General Counsel for the organization [Lawyers Against Lawsuit Abuse](#).

"I believe that just about everyone is in agreement that state and federal laws should protect those with disabilities, because they do deserve equal access to buildings, parking lots, restaurants and restrooms," said Senator Huff. "The goal of my workshop is to help business owners meet these standards so they can be protected from ruinous and predatory lawsuits that lead to lost jobs or worse yet, businesses forced to close."

Senator Huff says the Arcadia workshop will not only focus on preventative measures that business owners can take to avoid ADA lawsuits, business owners will also receive helpful advice and tips of steps that should be taken if they have been targeted for ADA non-compliance.

"Business owners have told me personally that these workshops are informative and helpful," said Senator Huff. Nearly 100 business owners attended the Brea workshop last October, and I'm hoping to see a similar turnout in Arcadia. Bring your questions. We will have answers for you."

For more information about the Arcadia ADA Compliance Workshop, or to RSVP, please contact Senator Huff's District Office at (909) 598-3981.
